

ERRA NEWS

Elamana Road Residents Association

Major Activities and Achievements of 2012

This year's committee took a decision to reduce the focus on celebrations and to focus more on activities. Following is the list of major activities and achievements for this year.

Road Cleaning Drive

We have engaged a contractor to periodically cut the grass on the side of the roads. In October one round of cleaning was completed and once in 3 months this will be repeated.

Aadhar Camp

Aadhar camp conducted in October at Sanskrit College under the initiative of the association turned out to be very useful to our members and also many nearby residents.

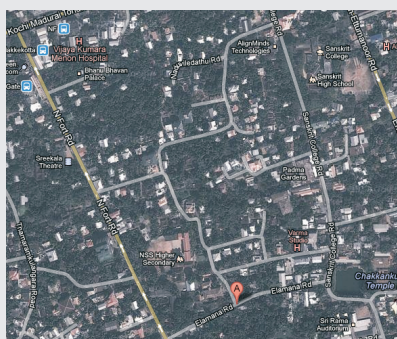

Putting up boards against garbage dumping

Association has now put up boards at most sensitive spots that are prone to garbage dumping.

Putting up missing sign boards at road entrances

All entrances to Elamana Road now have sign boards.

NEWS AND ITEMS OF GENERAL INTEREST**Garbage Problem**

Garbage disposal in public areas is a big problem. Boards warning against littering in public places have

been placed at many places in the area. We are planning to introduce cameras to monitor all sensitive area from January-2013. Information collected from the Cameras will be handed over to the police for follow up action.

Safety & Security

Chain snatching has been a big problem in the area and has resurfaced recently. We strongly advice ladies not to wear

gold chains while walking on the roads particularly during early morning hours and late evenings.

Concrete action by the police and awareness by the public has reduced the number of robberies and theft in the area over the last 2 years. Let us make sure that we do not let down their vigil.

Residents are urged to make use of Kudumbasree for plastic waste disposal and use the Compost pipes for organic waste processing.

Sustainability practices followed by each resident reducing waste and processing of waste at source are the only viable ways to go in the long term. We will be providing more information about this in the near term.

Traffic rules and Parking

Unauthorized parking is a problem in the area. Particularly on Elamana Road near NSS College entrance during functions at A b i s h e k a m convention centre is a trouble spot. Another problem area is the narrow road near NSS

Hall. We plan to work with the City traffic police to make sure that parking rules are enforced in these areas.

All residents are urged to follow traffic rules including observing recommended speed limits for residential areas.

**EVENTS, ANNOUNCEMENTS, PLANNED
ACTIVITIES FOR NEXT 3 MONTHS****New Year Program
Announcement**

Association is conducting a New Year Program on Jan-1-2013 at 7 PM. Details have been distributed to the members.

Launch of ERRA Website

ERRA's website will be launched on January-1. In later phases more functionality including member messaging and ability for members to login and look up contact information for other members will be launched.

**Security Cameras to prevent
garbage dumping and crimes**

Despite the frequent cleanups and placement of boards the problem of garbage dumping continue.

Association will be installing cameras on a trial basis at two locations shortly. If the program is successful it can be expanded to other areas.

Updating House Numbers**29**

Updating/Fixing house numbers for those who have not received their house numbers- Members are urged to contact the secretary immediately if they have not received the house numbers.

SMS Service

SMS Service to inform members of any important events/announcements/notices- Success of this initiative depends on all of us updating member information in our directories. Please update your contact information immediately including email and mobile number.
